

- 5 didn't mention department chair and college mascot
- 5 didn't identify high school activities
- 5 explanation of where you want to work not specific

Grade Earned: 85

MY CAREER PROJECT

By: Camren Fitzgerald

GOALS

Schools	Career	Personal
Kennesaw State University	Systems Architect	Cooking Skills
Augusta University	Software Engineer	Social Skills
Georgia State University	Data Engineer	Overall Health
Georgia College	Machine Learning Engineer	Fitness
Georgia Institute of Technology	Computer Systems Analyst	Leadership Skills

REMAINING CLASSES

- One more math credit
- One more science credit
- Community service hours

COMPUTER NETWORK ARCHITECT

- A **computer network architect** is someone who designs and builds data communication **networks**. These can include local area **networks**, wide area **networks**, and intranets, which can range from a small connection to a multinational series of globally distributed communications systems.
- **Computer Network Architects made** a median salary of \$104,650 in 2017. The best-paid 25 percent **made** \$132,460 that year, while the lowest-paid 25 percent **made** \$78,070

WORK CONDITIONS

- Most **network architects work** full time. **Computer network architects** spend most of their time in offices, but occasionally **work** in server rooms where they have access to the hardware that make up an organization's **computer** and information **network**.

EDUCATIONS

- Computer network architects usually need at least a **bachelor's degree** in computer science, information systems, engineering, or a related field. Degree programs in a computer-related field give prospective network architects hands-on experience in classes such as network security or database design.

THREE COLLEGES THAT OFFER

- Georgia Tech
- Augusta University
- Georgia State University

TOP COLLEGE(S)

- **Augusta University** - A combined **SAT** Math and Verbal **score** of 1160 or higher or a Composite **ACT score** of 26 or higher and a cumulative high school **GPA** of 3.2 or better; or. A combined **SAT** Math and Verbal **score** of 1100 or higher or a Composite **ACT score** of 24 or higher and a cumulative high school **GPA** of 3.5 or better. The mascot is the **Jaguar**.

PAYMENT PLAN

- I plan to do all I can for federal grants while also going to the air force in the reserved unit.
- It would take me 4-8 years to graduate.
- I will get a job by filing out applications and also doing internships for opportunities.
- I do not plan on staying in school but if I can go back to school later in life I might consider it.

WHERE TO WORK

- I would like to work anywhere really.
